I'm a final-year B.Tech Computer Science and Engineering student experienced in full-stack development. I've developed several real-world projects, including Shipissh, a shipment delivery platform that enables users to create and track shipments. I'm dedicated to continuous learning and consistently work on enhancing both my technical and communication abilities to grow as a well-rounded software engineer.

TECHNICAL SKILLS

Languages: JavaScript, XML, C, C++, Java, Python

Web Technologies: React.js, Tailwind CSS, Firebase, HTML, CSS

Database & Data Handling: Firestore, MySQL, CSV

Machine Learning: scikit-learn, NumPy, pandas, Matplotlib

Others: Technical Documentation

EXPERIENCE

Celebal Technologies

May 2025 – Jul 2025

React JS Intern

Jaipur, India

- Developed a role-based Shipment Delivery App using **React.js**, **Firebase**, and **Razorpay**.
- Implemented dashboards, Firebase Auth, and secure real-time tracking.
- Enabled PDF invoices and profile photo uploads for improved UX.

KisTechno Software

Jul 2024 – Aug 2024

Web Developer Intern

Jaipur, India

- Built responsive static web pages using **HTML**, **CSS**, and **JavaScript**.
- Focused on mobile-first design and cross-browser compatibility.
- Collaborated with senior developers to align UI with client requirements.

PROJECTS

SimiPhy - E-Commerce Store | React.js, Firebase, Razorpay, Tailwind CSS

[GitHub Link](#)

- Built a responsive e-commerce app with product listings, live search, cart, checkout, and user profiles.
- Used **Context API** for state management and integrated **Razorpay** for payments with invoice downloads.

Shipissh - Shipment Delivery App | React.js, Firebase, Razorpay, Tailwind CSS

[GitHub Link](#)

- Developed a role-based shipment tracking app with real-time status updates and secure payment integration.
- Implemented **Firebase Auth** for admin/user access and added features like invoice download and profile photo upload.

EDUCATION

Swami Keshvanand Institute of Technology, Management & Gramothan

2022 – 2026

B.Tech in Computer Science and Engineering

CGPA: 7.5

Aakanksha International School

2021

Senior Secondary Education

73%

St. Anselm's School

2019

Secondary Education

81%

EXTRACURRICULARS

We Serve - NGO

Nov 2023 – Present

Core Member

Nagaur, India

- Led community projects by coordinating volunteers and ensuring timely execution.
- Spearheaded fundraising drives, managing budgets and ensuring transparency.
