EDUCATION

Swami Keshvanand Institute of Technology   **November 2022 – Present**
BTech - CGPA - 7.47   *Jaipur, India*

PROJECTS

Truck Management System | Using React, Tailwind CSS, and MySQL
- Designed and developed a responsive logistics web application with separate dashboards for Admins and Drivers.
- Implemented features including order assignment, driver status updates, real-time order tracking, and profile management.
- Used Tailwind CSS for modern UI styling and MySQL for backend order and driver data management.

E-Commerce Website | React.js
- Developed a fully responsive e-commerce platform using **React.js** with modular and reusable components.
- Integrated real-time order management by connecting frontend to backend using secure **REST APIs**.
- Implemented secure payment integration and responsive UI using **React Router** and **Context API**, optimized for fast load times.

INTERNSHIP

KisTechno Software   **Jul 2024 – Aug 2024**
Web Developer Intern   *Jaipur, India*
- Engineered a responsive and scalable web application using **React.js**, enhancing performance and UI consistency across devices.
- Implemented **component-based architecture** to ensure maintainability and reusability of code across modules.
- Explored **mobile-first design** principles and cross-platform compatibility, leading to 100% responsiveness on major screen sizes.
- Reduced development time by 25% through reusable components and efficient state management with **React Hooks**.

TECHNICAL SKILLS

Languages: Python, Java, C, C++, JavaScript, XML, Kotlin
Developer Tools: VS Code, Android Studio, Colab, DevC++
Technologies/Frameworks: Linux, GitHub, ReactJS

EXTRACURRICULAR

We Serve - an NGO   **Nov 2023 – Present**
Core Member   *Nagaur*

- Managed operations by overseeing projects, events, and volunteer activities to ensure smooth execution.
- Handled fundraising and budget management, securing donations and maintaining financial transparency.

CERTIFICATIONS

- Prompt Design in Vertex AI
- MongoDB, AI, and Vector Search
- MongoDB Basics
- Effective Speaking and Listening Skills
